

Year 4 Ancient Egyptian Home Learning Project!

We have an exciting opportunity for Year 4 pupils!

It's time to put on your creative thinking hats and have fun making an Ancient Egyptian home learning project!

During this first term, we would like to encourage all children to have a go at creating something inspired by Ancient Egypt.

Whether it is an information poster, a model pyramid, an Egyptian inspired menu, or even an outfit - we would love to see and celebrate your child's creative side.

We encourage children to try something new, something they haven't done before.

**All projects are due in on Friday 9th November
and should be brought into classes to share.**

We hope you enjoy getting creative,
from the Year 4 Team.

**Please note – if your child is inspired to bring in food, please ensure
it does not contain nuts. Thank you.**
